Dick,

MKE 25 RICH

Learned a great deal helping out. Only a few comments. Officials who showed didn't know what they were supposed to do (were we supposed to give them a packet?). I gave them copies we had to log runners if they did a beautiful job. One runner stopped @ mi 25 and requested assistance. We were unable to get him a ride to Pm for 2 hours (Nobody knew where buses were to pick up drop outs). Local people covered him with blankets (people in the area were generally very good). We parked on side walk with ok from police. BAB sticker big help. One runner collapsed. Local doctor & police were able to get ambulance. Didn't realize that would get no assistance with vital signs. Did I say a few comments.
